...that are coming in to my site along with sales So I'm looking for a PHP script that will: - Convert cr2 to png - jpg - jpeg - bmp - Convert a series of .jpg into a.png - Detect audio embeddings or .mp3 files and convert to .wav - Remove all ads from site - Make site compatible with mobile Thank you, If you would like to use a live demo of this software please visit here: I am looking for a freelancer who could program this to my satisfaction...please rate based on time. Thanks. Hello, My client would like to build a custom image gallery. The customer would like to purchase the design but is limited by budget and time. Can you help? We would like to receive 6-7 samples along with a quote. Hope to hear from you soon. Regards, Need a professional photographer to take and upload images to a gallery. The uploaded images need to be resized and uploaded to wordpress. The images need to be for a wedding brochure so the images must have been taken at a wedding. I have about 500 images (usually 2-3 per person) which need to be processed to make them all the same resolution (3600x2400 pixels). These images will need to be cropped, trimmed and resized. The processing will be done on a Mac (OS X) using Adobe Lightroom. Processing speed and reliability of the results is the key. Approximate cost I have a Drupal site with a custom WordPress theme. There are various other sub-themes installed on this site. I would like to re-create and new homepage, blog section, gallery, about us section, testimonials section, and contact page, as well as separate a few other modules. I will also need you to find out if the site is affected by XSS, any other security issues. ...images into a responsive web gallery. Each image will be 50px wide by 50px high. Within the gallery there will be an image slider. I would like a sliding bar to be used instead of thumbnails. Each image will have a caption under it and if the user clicks on the image it will bring them to the website where they can click on the image and the caption will expand. I have a client site that was built in 'accordion' style which

System Requirements:

Game Modes Conquest Team Deathmatch Domination Escort Interactive Tutorial The following three screenshots have been taken from the enemy territory with the following modifications: 914 Escape is a fast paced shooter in a futuristic setting with many different weapons to choose from. You will be provided with an outline of the gameplay during the interactive tutorial. Game play Killed 2-4 players and an AI with 5.0 Had a lot of issues with the server AI, but eventually killed them
